The “Light to Unite”

What is it?

- The Light to Unite (LTU) is a “Home Grown” locally sourced sustainable product.
- 501 (c3) is an INVESTMENT in Titusville & Local Jobs with BIG POTENTIAL.
- Satisfy need for safe, unique, pedestrian & bike trail lighting BUT NOT JUST LIGHTING!

Why?

- Strengthen our TITUSVILLE Brand and PRIDE for the NEXT GENERATION!
- Expand on the “Space” theme of our established BRAND.
 - LTU design evokes rockets , rocket launches, and returning rocket vehicles.
- Begin an earnest effort to unite our communities using long-term art structures that have utility.

Will We take Action with Commitment?

- Establishing a schedule shows commitment.
- First LTU is a “donation” with the hope of some private funding and/or consideration.
- Since developed and managed by a fully transparent 501(c)3 all decisions and costs are open to public scrutiny.
- Ex-Odyssey One SpaceShip Earth Inc. Principle awaits your direction.

“ A GOAL
WITHOUT
A PLAN
IS JUST
A WISH ”
